NOTES:

1. A MEMBER ENTITLED TO ATTEND AND VOTE IS ENTITLED TO APPOINT A PROXY TO ATTEND AND VOTE INSTEAD OF HIMSELF AND A PROXY NEED NOT BE A MEMBER OF THE COMPANY. The Proxy, in order to be effective, must be received by the Company not less than 48 hours before the commencement of the meeting.

A person can act as a proxy on behalf of members not exceeding fifty and holding in the aggregate not more than ten percent of the total share capital of the Company carrying voting rights. A member holding more than ten percent of the total share capital of the Company carrying voting rights may appoint a single person as proxy and such person shall not act as a proxy for any other person or shareholder.

Corporate members intending to send their authorized representatives to attend the Meeting are requested to send to the Company a certified copy of the Board Resolution authorizing their representative to attend and vote on their behalf at the Meeting.

In case of joint holders attending the meeting, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote.

2. The Explanatory Statement pursuant to Section 102(1) of the Companies Act, 2013, relating to the Special Business, if any to be transacted at the meeting is annexed hereto.
3. The requirement to place the matter relating to appointment of Auditors for ratification by Members at every Annual General Meeting is done away with vide notification dated 7th May 2018 issued by the Ministry of Corporate Affairs, New Delhi. Accordingly, no resolution is proposed for ratification of appointment of Auditors, who were appointed in the Annual General Meeting held on 30th September, 2014.
4. Brief resume of Directors including those proposed to be appointed / re-appointed, nature of their expertise in specific functional areas, names of companies in which they hold directorships and memberships / chairmanships of Board Committees, shareholding and relationships between directors inter-se, etc as

required to be disclosed as per Companies Act, 2013, Regulation 36 (3) the Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Clause 1.2.5 of the Secretarial Standard on General Meetings (SS-2), are provided as annexure to this notice.

5. Members/Proxies should bring attendance slips sent herewith duly filled in, for attending the Meeting.
6. ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **EUREKA INDUSTRIES LIMITED as of March 31, 2018** in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that

transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Fair value of financial assets and liabilities measured at amortized cost is not materially different from the amortized cost. Further, impact of time value of money is not significant for the financial instruments classified as current. Accordingly, the fair value has not been disclosed separately.

Types of inputs for determining fair value are as under:

Level 1: It includes Investment in equity shares and mutual fund that have a quoted price and which are actively traded on the stock exchanges. It is been valued using the closing price as at the reporting period on the stock exchanges.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This includes unquoted equity securities and redeemable preference shares.

B. Measurement of fair values

i) Valuation techniques and significant unobservable inputs

The following tables show the valuation techniques used in measuring Level 2 and Level 3 fair values, as well as the significant unobservable inputs used.

Financial instruments measured at fair value

Unquoted equity shares - FVOCI	The valuation is based on market multiples derived from quoted prices of companies comparable to investee and the expected revenue and PAT of the investee.
---------------------------------------	---

ii) Transfers between Levels 1 and 2

There have been no transfers between Level 1 and Level 2 during the reporting periods

Transfer out of Level 3

There were no movement in level 3 in either directions during the financial year ending on 31 March 2019 and 31 March 2018.

C. Financial risk management

The Company's financial liabilities comprise mainly of borrowings, trade and other payables. The Company's financial assets comprise mainly of investments, cash and cash equivalents, other balances with banks, loans, security and other deposits, trade receivables and other receivables. The Company is exposed to Market risk, Credit risk and Liquidity risk. The Company's Board of Directors has overall responsibility to review the risk management plan and ensure its effectiveness.

(i) Credit risk

Credit risk is the risk that a customer or counterparty to a financial instrument will fail to perform or fail to pay amounts due causing financial loss to the company. The potential activities where credit risks may arise include from cash and cash equivalents, derivative financial instruments and security deposits or other deposits and principally from credit exposures to customers relating to outstanding receivables. The maximum credit exposure associated with financial assets is equal to the carrying amount. Details of the credit risk specific to the company along with relevant mitigation procedures adopted have been enumerated below:

Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base. Majority of the customers have been associated with the company for a considerable period of time. Company has established a credit policy under which each new customer is analysed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. Sale limits are established for each customer and reviewed regularly. An impairment analysis is performed at each reporting date based on the facts and circumstances existing on that date to identify expected losses on account of time value of money and credit risk. The company reviews the receivables in light of their historical payment patterns and adjusts the same to estimate the expected loss on account of credit worthiness of the customer or delay in payments leading to loss of time value of money. Management is of the view that these financial assets are not impaired as there has not been any adverse change in credit quality and are envisaged as recoverable based on the historical payment behaviour and extensive analysis of customer credit risk, including underlying customers' credit ratings, if they are available. Consequently, no additional provision has been created on account of expected credit loss on the receivables. There are no other classes of financial assets that are past due but not impaired.

Other financial assets

Other financial assets includes loan to employees, security deposits, investments, cash and cash equivalents, other bank balance, etc.

- Cash and cash equivalents and Bank deposits are placed with banks having good reputation and past track record with adequate credit rating.
- Loans and advances to group companies does not have exposure to any credit risk.

(ii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are proposed to be settled by delivering cash or other financial asset. The Company's financial planning has ensured, as far as possible, that there is sufficient liquidity to meet the liabilities whenever due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate sources of financing through long term debt and overdraft from banks at an optimized cost.

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments and exclude the impact of netting agreements.

(iii) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risks: interest rate risk, currency risk and other price risk. Financial instruments affected by market risk includes investments, trade payables, trade receivables and loans.

Currency risk

Currency risk means the risk which arises due to difference in company's functional currency and currency in which transaction has been carried. The functional currency of the company is Indian Rupees and its revenue is generated from operations in India. The company does not have any trade receivables and trade payables in foreign currency at the end of the period. Accordingly, the company does not have exposure to

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company does not have any borrowings at the end of the period. Accordingly, the company does not have exposure to interest risk

Price risk

The Company is mainly exposed to the price risk due to its investment in quoted and unquoted equity shares. The price risk arises due to uncertainties about the future market values of these investments. The Company has laid policies and guidelines which it adheres to in order to minimize price risk arising from such investments.

A reasonably possible change of 100 basis points in value of investments at the reporting date would have increased (decreased) equity and profit and loss by the amount shown below:

Particulars	Profit or (Loss)		Equity (net of tax)	
	100 bp Increase	100 bp decrease	100 bp Increase	100 bp decrease
31st March 2018				
Quoted equity investments	1,035.00	(1,035.00)	676.81	(676.81)
Unquoted equity investments	20,000.00	(20,000.00)	13,078.40	(13,078.40)
Total	21,035.00	(21,035.00)	13,755.21	(13,755.21)

Capital Management

For the purpose of the Company's capital management, capital includes paid-up equity capital and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to ensure that it maintains a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Management monitors the return on capital, as well as level of dividends to equity share holders.

The Company manages its capital structure and makes adjustments to it in the light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using Debt-Equity ratio, which is net debt divided by total equity. Debt is defined as total liabilities, comprising interest-bearing loans and borrowings, less cash and bank balances. Adjusted equity comprises all components of equity.

The Company's adjusted net debt to equity ratio was as follows.

Particulars	As at 31st March 2018	As at 31st March 2017	As at 1st April 2016
	Total financial liabilities	2,08,828.00	46,801.00
Less : Cash and bank balances	2,51,991.00	4,01,518.00	3,90,878.00
Adjusted net debt	(43,163.00)	(3,54,717.00)	(3,45,863.00)
Borrowings			
Total equity	1,36,18,922.00	1,35,13,194.00	1,59,95,319.00
Adjusted net debt to adjusted equity ratio	-0.32%	-2.62%	-2.16%
Debt equity considering only borrowings as debt	0.00%	0.00%	0.00%

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2018, March 31, 2017 and April 01, 2017

Note

Segment Information

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company's other components, and for which discrete financial information is available. Company's chief managing director (CMD) review the company's performance and result by considering it as one segment. Hence no segment is created.

TRANSITION TO IND AS

Explanation of Transition to Ind AS

These are the Company's first financial statements prepared in accordance with Ind ASs.

Exemption and exception applied

In preparing these financial statements, the Company has applied the below optional exemptions and mandatory exceptions in line with principles of Ind AS 101.

Optional exemptions

1. Designation of previously recognized financial instruments

Ind AS 101 permits designation of equity investments in certain entities (other than subsidiaries, associates and joint arrangements) as instruments fair valued through the other comprehensive income (FVOCI).

Accordingly, the Company has opted to designate certain equity investments as FVOCI on the transition date.

Mandatory exceptions

Below are the key mandatory exceptions used in preparation of these financial statements:

1. Estimates

Under Ind AS 101, an entity's estimates in accordance with Ind AS at 'the date of transition to Ind AS' or 'the end of the comparative period presented in the entity's first Ind AS financial statements', as the case may be, should be consistent with estimates made for the same date in accordance with previous GAAP unless there is objective evidence that those estimates were in error. However, the estimates should be adjusted to reflect any differences in accounting policies.

The Company's Ind AS estimates as on the transition date are consistent with the estimates made under previous GAAP as on this date. Key estimates considered in preparation of these financial statements that were not required under the previous GAAP are listed below:

- Fair valuation of financial instruments carried at FVTPL and/or FVOCI.
- Impairment of financial assets based on the expected credit loss model.
- Determination of the discounted value for financial instruments carried at amortized cost.
- Fair valuation of certain items of property, plant and equipment.

2. Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification of financial assets on the basis of facts and circumstances existing as on the date of transition. Further, the standard permits measurement of financial assets accounted at amortized cost based on facts and circumstances existing at the date of transition if retrospective application is impracticable.

Accordingly, the Company has determined the classification of financial assets based on facts and circumstances that exist on the date of transition.

Measurement of the financial assets accounted at amortized cost has been done retrospectively except where the same is impracticable.
