THREE-DAY NATIONAL TRAINING WORKSHOP BEGINS

From conservation to economy, forest services officers get tips on blue ecology from IITGN

Express News Service
Ahmedabad, February 9

THERE IS a need to balance ecological conservation with economic activities linked to oceans, coasts, wetlands, and inland water systems, while strengthening capacities for the sustainable management of blue resources through integrated policy, livelihoods, and cross-sectoral collaboration, experts highlighted during a three-day national training workshop for Indian Forest Service (IFS) officers on 'Conserving Blue Ecology for a Sustainable Blue Economy' from February 9 to 11.

While the concept of blue ecology and its relevance to India's coastal and marine governance was discussed at length, Prof C N Pandey, Professor of Practice, Earth Sciences (jointly with the Humanities and Social Sciences Department, IITGN), said, "Long-term development is possible only when economic growth is aligned with the biological capacity of ecosystems." He highlighted the importance of sustainable and green economic thinking and urged participants to view themselves as responsible managers of natural resources while working towards inclusive growth and environmental balance.

"This programme gives us a chance to pause, reflect and reconnect with nature. Development is necessary, but the real question is what kind of development we pursue. Excessive consumption, climate change and unsustainable patterns are already impacting our environment. India holds a unique ecological and cultural diversity, and despite our differences, we have always believed in living together with shared values. We should understand where we come from and where we are going," Dr J R Bhatt, Member, Central Empowered Committee (Constituted by the Supreme Court), eminent Scientist and an internationally acclaimed expert on climate change and biodiversity, while addressing the participants was quoted in a statement issued by IITGN.

Speaking at the inaugural session of the training programme on sustainable development and environmental governance, Dr H S Singh, former PCCF and Chairman, Gujarat Biodiversity Board, emphasised the need to balance development

● PACT SIGNED TO CONTINUE 3030 EKLAVYA PROGRAMME TILL 2031

Ahmedabad: The Indian Institute of Technology, Gandhinagar (IITGN), and the Central Board of Secondary Education (CBSE) have signed a Memorandum of Understanding (MoU) to continue 3030 Eklavya programme for the next five years till 2031- strengthening long-term professional development in STEM education for school teachers across the country. STEM activities refer to hands-on, interactive projects focusing on science, technology, engineering and mathematics.

The MoU follows a visit by Rahul Singh, Chairman, CBSE, to the IIT Gandhinagar campus, where discussions were held on expanding innovative, activity-based learning initiatives.

Led by the Centre for Creative Learning (CCL) at IIT Gandhinagar, the 3030 Eklavya programme has emerged as a benchmark online initiative in school education, reaching tens of thousands of teachers nationwide. According to programme data, over 73,800 CBSE teachers have actively registered and submitted assignments, while the 10-episode 3030 Eklavya series has garnered more than 1.3 million views on YouTube, reflecting strong nationwide engagement, a statement said.

Designed as a structured 30-hour Continuing Professional Development (CPD) programme, the initiative blends live demonstrations, hands-on STEM activities, curriculum integration, and assessments aligned with the National Education Policy (NEP) 2020. ENS

with conservation.

"Development and environmental protection must go hand in hand. Gujarat has shown that wildlife conservation and growth can coexist, whether in protecting forests, water resources, or biodiversity. Scientific research, policy support, and community participation are critical to addressing climate change, species loss, and ecological imbalance. Knowledge must

reach the local level so that conservation efforts become sustainable and effective," said Dr Singh.

Dy CM launches projects worth Rs 202 cr for police

Express News Service
Ahmedabad, February 9

DEPUTY Chief Minister Harsh Sanghavi on Monday presided over the e-Khatmuhurat (ground-breaking) ceremony of several projects worth Rs 202.85 crore, related to the Gujarat Police.

The projects include a state-of-the-art ATS building to be constructed at a cost of Rs 4798 crore at Chharodi, Ahmedabad, a police station at a cost of Rs 33.49 crore at Bodakdev, police housing and PSI quarters at Amraivadi Police Line at a cost of Rs 74.62 crore, police housing at Kagdapi at a cost of Rs 39.68 crore, dog kennels and training office at Saijpur Bogha at a cost of Rs 5.74 crore and Group-2 bungalows for the SRP at a cost of Rs 1.34 crore, said a statement issued by the state government on Monday.

The statement quoted Sanghavi as having said, "Today is a golden day for the Ahmedabad Police and the ATS, because security and housing projects are going to be laid at a cost of Rs 202.85 crore in a single day. Gujarat ATS is today at the centre of unwavering trust of six-and-a-half crore Gujaratis. ATS is not only a force that wakes up during terrorist attacks, but is a 'silent force' that works continuously

The state government is committed to making the ATS stronger not only technically but with budgetary support too, said Dy CM Sanghavi

24 hours a day, 365 days a year to ensure that every citizen of the state is safe and that the enemies do not even raise their eyes to look at Gujarat." Sanghavi added, "Our ATS team has performed the best in the country in the fight against terrorism. Not only in Gujarat, but also in other states, it has played a significant role in arresting the accused involved in attacks. The success of the ATS in exposing the 'terror modules' that radicalise youths through online social media is essential to safeguard the future of the state."

"The state government is committed to making the ATS stronger not only technically but also with budgetary support. The newly constructed building will only not just be a building, but it will be a centre equipped with world-class technical facilities, which will keep the security of Gujarat impenetrable for many years to come," said Sanghavi.

Staging of play on Godse cancelled in Ahmedabad

Ahmedabad: The scheduled staging of a Gujarati play themed on Mahatma Gandhi's assassin Nathuram Godse was cancelled on Monday in Ahmedabad amid protests by activists of Youth Congress and NSUI who alleged that the drama was a "glorification" attempt.

The play, 'Hu Nathuram,' (Me Nathuram), was scheduled to be staged at 9 PM at Pandit Deendayal Auditorium in Ahmedabad, organisers said.

"The play was performed in Surat, Vadodara, and Bhavnagar on February 4, 5 and 6 during its Gujarat tour without any controversy. However, it ran into trouble after Youth Congress activists vandalised the set at Rajkot where it was scheduled to be performed on February 7," said Jayesh Oza, an organiser.

Subsequently, the shows were cancelled in Jamnagar and Ahmedabad on February 8 and 9, respectively, he added. PTI
